CUP B39E19000160007

With the implementation of the Decision by the Regional Executive No. 327 of 21st February, 2019, the Apulia Film Commission Foundation hereby announces a selection of film projects for the “Apulia Film Forum 2019,” drawing on resources from Patto per la Puglia – Fondo per lo Sviluppo e Coesione (FSC) 2014-2020, Interventi per la Tutela e Valorizzazione dei beni culturali e per la promozione del patrimonio immateriale (*Pact for Puglia, Cohesion and Development Fund – Measures for the protection and promotion of cultural and intangible heritage*) Art. 1 Introduction.

Within the framework of the strategic actions defined in the Pact for Puglia - FSC 2014-2020, measures to promote and strengthen the regional audiovisual system, as fundamental tools for economic, social, and cultural development, are hereby included, as well as strategies to promote, protect, and enhance the cultural heritage of Puglia, which are to be realised through the awareness of the historical, cultural, artistic, and naturalistic value of its locations along with its wide and diverse intangible cultural heritage.

The Apulia Film Commission Foundation, in line with these strategic actions and coupled with the "Apulia Film Forum" intervention, intends to promote cultural activities related to the audiovisual sector, as well as strengthen the knowledge and fruition of the cultural heritage and the territory of Puglia, by means of increasing film tourism and the attractiveness of locations in Puglia for filmmakers and stakeholders.

As set out by the “Apulia Film Forum” intervention, approved by the Puglia Region with Decision of the Regional Executive No. 327 of 21st February, 2019, the Apulia Film Forum, in continuity and in line with the Euro - Mediterranean Co-production Forum, intends to foster dialogue among producers, distributors, film commissioners, authors, and international directors, in order to develop good synergies towards promoting co-production processes and therefore the choice of the Apulia Region as a location for their films.

The Apulia Film Commission Foundation’s statute foresees, among its objectives and institutional functions, the promotion of initiatives in the audiovisual and digital production sector in Puglia, as well as the provision, also in cooperation with other public and private entities, of the necessary skill training, research, study, and experimentation, in order to constitute a centre of excellence in the audiovisual sector.

In view of the above, the Apulia Film Commission Foundation organizes a Co-production Forum, in order to promote the participation of up to a maximum of 20 film projects under development, thus providing participants with the opportunity to “test them” as well as to get in touch with potential co-financing partners. In addition, the Forum aims at promoting co-production processes and exchanges of best practices to improve the operating procedures of the professionals involved, leading them to the choice of the Puglia Region as a location for their audiovisual projects.

2019 edition will be held in **Brindisi from 10th to 12th October, 2019.**

Therefore, the Apulia Film Commission Foundation, in accordance with its institutional activities, intends to select up to a maximum of 20 film projects from all over the world, provided they have a clear correlation with Europe or the Mediterranean area, to be promoted and presented during the Apulia Film Forum.

Art. 2 Program

Moreover, guided tours will take place throughout the territory of Puglia, which will enable the region to be made known to all the guest producers of the Forum.
